### Railroad.

The annual election for fifteen Directors in the Memphis, Clarksville & Louisville Railroad, was held at the Railroad office, on the 25th ult., which resulted in the election of J. G. McKinnon, Alfred Robt. R. M. House, W. B. Munford, Wm. A. Quarles, Wm. Broadus, J. C. Johnson, G. A. Henry, W. A. Forbes, John K. Smith, Chas. M. Hiler, R. W. Humphreys, W. H. Drane, S. B. Best and T. W. Wisdom.

At the meeting of the new Board, W. B. Munford, the former President, declined allowing his name again to be used in connection with the Presidency, on account of continued feeble health, but will serve as a Director. The Board then proceeded to choose a President, which resulted in the election of Col. Wm. A. Quarles.

Charles G. Smith, was re-elected Secretary and Treasurer.

Our city is full of contractors from all parts of the country, who are bidding on the work yet to be let to contract. There is but little doubt that the whole road will be under contract in a few days; and we understand that it is the intention of the new Board, to push the work forward with all possible speed.

STEWART COLLEGE.—This institution has never been forced upon public attention by empty puffs and unmeaning compliments. Its managers and friends seem rather solicitous that it should deserve a reputation, than that it should acquire one undeserving.

The closing exercises of this institution were highly creditable. The examination was more largely attended than ever before. The preparatory students bore evidence that their preparation was no sham. The examination of the Collegiate department elicited much praise, and a little surprise from those who had not expected to witness a high standard of scholarship. In short, it is but due to truth, as well as those connected with the institution, to say, that the examination gave unmistakable evidence of skillful teaching and studious application.

The address before the Literary Societies, by Rev. Dr. Hamilton, was nobly conceived and happily appreciated.

A crowded audience assembled on Thursday night to hear the orations by the students. About these exercises there could be but one opinion, and that opinion without an exception. We venture that our citizens are not often more highly entertained.

RUMORS that the Citizens' Bank of Nashville and Memphis had failed, have been afloat here for a few days, but we have not been able to trace them to any reliable source. Of the Banks here, the Northern, and the Branch Bank of Tenn., will not now take the Citizens' Bank's notes, but the Bank of America and the Farmers Bank take them as usual.

We believe from all that we can learn, that the Bank is sound, and advise our friends to receive very cautiously all such rumors as the one spoken of above.

ET We attended a select party given by Prof. Manuel, on Monday night last, at the Masonic Hall. As we are very fond of "tipping the light fantastic toe," and especially when so many charming creatures graced the Hall, we can but say, that we are in common with all the rest, enjoyed ourselves to the utmost extent, and that everything passed off in elegant style. Mr. Manuel understands the art of dancing, and we would advise those who wish to learn this accomplished art, to avail themselves of his talent.

ET Col. George Brown, of the Nashville Patriot, dropped in to see us the other day. The Col. was looking remarkably well. From his notice of the "National" of our city, it appears that the inner man was well cared for during his stay. May he live long in the enjoyment of all the blessings of life.

FOURTH OF JULY.—W. R. Bringham, Esq., will deliver a speech, at the Court House, on to-morrow night, in honor of the 82d Anniversary of American Independence. "The public generally, and the ladies in particular, are invited to attend.

These will, also, be sung some National songs, by the best vocalists of the city, which will add a lively interest to the occasion.

ET The river mail service between Nashville and Memphis, has been let to Capt. J. Miller of the former city, at \$39,000 per annum—service to commence on the 1st of July.

ET The next session of Miss Mary Beaumont's School will commence the 1st Monday in September next. See advertisement.

ET Bell Keene having determined to remove to the country, offers his valuable residence on Madison street for sale. It is a nice substantial brick dwelling, with all the necessary appointments attached, and is situated in the prettiest portion of the city. Call and examine the premises.

BETHEL FEMALE COLLEGE.—This College, at Hopkinsville, Ky., has been chartered by the Legislature of Ky., and placed under the supervision of a committee board of Trustees, with the services of Prof. J. W. Rorer as President. The past collegiate year closed with 154 pupils. We would gladly publish an account of the commencement exercises but our space forbids.

On the 20th ult., the splendid steamer Eclipse, when about ten miles below Natchez, exploded one of her boilers, which resulted in the death of two cabin passengers, and the scalding of two deck hands.

ET From the number of stolen horses advertised in to-day's paper, one would suppose that there were a good many "horse thieves" about. Read the advertisements.

F. HEBBLEN'S Musical Exhibition, on Thursday of last week, was attended by a large and well pleased auditory. Mr. H. is, undoubtedly, one of the most successful teachers of Music to be found anywhere. Let him be liberally sustained.

W. FOWLER has just received a fine assortment of Watches, Chains, Seals, Rings, Pens, Pencils, Lockets, Brooches, Ear Rings, Bracelets, Necklaces, and Gold Thimbles. If the Maj. had some gentle one, to share his joys and divide his sorrows, his stock would now be complete.

We desire to call the attention of the ladies, and all others interested, to the Sewing-machine offered for sale by Waller & Smith.

The machines sold through this section, heretofore, have been those of Grove & Baker, Singer, and Wheeler & Wilson, and while they are undoubtedly very good ones, yet they have been sold at a price so high as to place them beyond the reach of the very persons who have the most need of them—the poor—who depend upon their needle for a living, and in fact the price has prevented many others from buying who were able to do it, but were unwilling to pay so extravagant a price as was asked for them.

The Machine offered by Waller & Smith is very simple in its construction, and is yet well made, and no doubt very durable; and does excellent sewing, and is sold at a price—\$35.00—that places it within the means of nearly every one.

Waller & Smith are the only ones authorized to sell this machine here, and we advise all who want one to call and examine the one on exhibition.

ET There were 353 students in the Medical Department of the Nashville University the past session, and 109 graduates.

Persons in want of Clothing will find a large lot, made of the finest material, and latest style, at Pollock & Waggener's, on Franklin street.

Call at FALL & TURNLEY'S for fine Pocket Cutlers.

B. Plummer & Co., have a good stock of Clothing which they are selling at very low figures.

### DIED.

In this county, on the 27th ult., N. B. WHITFIELD. His disease was Flux.

An honest, valuable citizen has passed away—one respected and beloved by all who knew him. The Masonic fraternity have lost a useful member. We tender his family and friends our heartfelt sympathies in their bereavement.

IN this county, on Wednesday evening last, after protracted illness, Mrs. E. H. VANCE, in the 62nd year of her age.

IN this county, on the 28th ult., at the residence of her father, John M. Pickering, Miss MARY ANN PICKERING, aged 17 years.

"Low" one, rest from care and sorrow, Death is over, and life is won.

On thy slumber dwains no morrow, Rest, thine earthly race is run.

Fare thee well, though we're blending With the tones of earthly love, Triumph high, and joy unending, Wait thee in the realms above."

ON the 26th inst., in this county, Mrs. MARTHA RICHARDSON, wife of Garnett Richardson.

IN this county, on the 25th ult., Mrs. MARY A. ALLEN, wife of Samuel F. Allen, after a long and painful illness—aged 30 years.

Mrs. Allen was favorably known to all of her acquaintances, but loved most by those who knew her best. Her friendship was warm and earnest, and so sincere was she, that if anything interposed which threatened to estrange or weaken it, "she could never rest" until it was entirely removed. Love between friends and peace among neighbors, she esteemed above price. This of itself without the mention of any other virtue explains why she was loved so well when living, and why her loss is so deeply felt since death.

Her illness was protracted, but she tried to bear it with Christian patience. As the end of her sufferings approached, her willingness to be imparted—taking away the fear of death, so that she could say "I do not fear to die." She professed religion when quite young—joined the church immediately and has been an acceptable member of it ever since. The God she trusted in early youth, she found a comfort and stay in death. Kind friends laid her in the grave—close by the side of her boy—there to rest calmly and peacefully until they spring into each other's embrace at the sound of the Archangel's trumpet.

ASSISTING NATURE.—It is a well established fact, that although nature cannot be forced, she can be assisted. This is peculiarly the case in all those diseases caused by blood or conglobated lymph settling under the skin, as generally happens after a bruise or sprain. By using some good penetrating sublimated, such as Bragg's Artie Liniment, nature is stimulated and assisted to take up and remove the deposit of lymph and blood, and an immediate cure is effected. Bragg's Artie Liniment is for sale by all respectable Druggists throughout the country.

Wonderful cures are being performed in various places, upon rheumatic and deaf people by Professor Haskell's Electric Oil. It is undoubtedly the only positive and permanent cure for these troublesome diseases. It will relieve any kind of pain in twenty minutes. This fact is fully established, in hundreds of instances. It is also very excellent for corns, piles and toothache. Give it a trial.

CHANCERY SALE OF VALUABLE STORE-HOUSE AND 50 ACRES OF LAND.

H. B. Douglass, et al., order made in the Chancery Court, at Clarksville, on the 1st of October Term 1857, of the Chancery Court, at Clarksville, I will sell to the highest bidder at the Court House in Clarksville on the 2nd day of August next, county court day, the lands of S. A. Clifton, mentioned in the pleadings, being about 50 acres of land with a dwelling, Store-house &c., in the town of Fredonia, Montgomery County, Tennessee, immediately on the Nashville Turnpike. The improvements are good and the stand for business excellent.

Terms—1 and 2 years credit. Notes with good security and a lien retained for purchase money. No redemption.

THOS. J. MUNFORD, C. & M. July 2, 1858—1st day of sale.
